

# Cisco Aironet 1852E Access Point - AIR-AP1852E-E-K9C

Model: AIR-AP1852E-E-K9C | Brand: CISCO

## Product Overview

802.11ac Wave 2 Access Point, 4x4:4, External-Ant, E Regulatory Domain, Configurable

Product page: <https://www.linknewnet.com/products/air-ap1852e-e-k9c>

## Quick Specifications

| Attribute                | Value                                                                                                                                                |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Software                 | Cisco Unified Wireless Network Software Release with AireOS wireless controllers: ● 8.1 MR1 or later for the Cisco Aironet 1850 Series Access Points |
| Deployment modes         | Centralized local, Standalone, Sniffer, Cisco FlexConnect™, Monitor, OfficeExtend, Mesh                                                              |
| Data rates supported     | 802.11a: 6, 9, 12, 18, 24, 36, 48, and 54 Mbps                                                                                                       |
| MCS Index                | GI = 800 ns GI = 800 ns GI = 400 ns GI = 400 ns                                                                                                      |
|                          | 20-MHz Rate (Mbps) 40-MHz Rate (Mbps) 20-MHz Rate (Mbps) 40-MHz Rate (Mbps)                                                                          |
| 0                        | 6.5 13.5 7.2 15                                                                                                                                      |
| 1                        | 13 27 14.4 30                                                                                                                                        |
| 2                        | 19.5 40.5 21.7 45                                                                                                                                    |
