## Quick Specifications

| Attribute                             | Value                                        |
|---------------------------------------|----------------------------------------------|
| Brand                                 | Cisco                                        |
| Model                                 | ASA5585S60-10K-K9                            |
| Product Type                          | VPN Firewall                                 |
| Chassis                               | ASA 5585-X with SSP60                        |
| Maximum VPN Throughput                | Up to 10 Gbps                                |
| SSL VPN Users                         | 10,000                                       |
| Integrated Network Interfaces         | 6 Gigabit Ethernet, 4 10-Gigabit Ethernet    |
| Management Ports                      | 2                                            |
| Power Supply                          | Dual AC Power Supplies                       |
| Encryption Standards                  | 3DES/AES                                     |
| Firewall Throughput                   | Up to 20 Gbps                                |
| Concurrent Sessions                   | Up to 4,000,000                              |
| New Connections per Second            | Up to 150,000 cps                            |
| IPsec VPN Peers                       | 10,000                                       |
| High Availability                     | Active/Active, Active/Standby                |
| Security Contexts (Virtual Firewalls) | Up to 250                                    |
| Routing Protocols                     | RIP, OSPF, EIGRP, BGP                        |
| Advanced Threat Protection            | Yes                                          |
| Intrusion Prevention System (IPS)     | Built-in                                     |
| Dimensions                            | 19.2 x 16.6 x 1.78 inches (49 x 42 x 4.5 cm) |
| Product Code                          | ASA5585S60-10K-K9                            |
| Brand                                 | CISCO                                        |

## Replacement / Alternative Options

If the ASA5585S60-10K-K9 is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
