

# C2921-WAAS-SEC/K9 - Cisco 2900 Series Integrated Service Router

Model: C2921-WAAS-SEC/K9 | Brand: CISCO

## Product Overview

Cisco 2921, SRE 700, Sec PAK, WAAS Ent Medium

Product page: <https://www.linknewnet.com/products/c2921-waas-sec-k9>

## Quick Specifications

| Attribute                    | Value                                                                                                                              |
|------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Manufacturer                 | Cisco Systems, Inc                                                                                                                 |
| Manufacturer Part Number     | C2921-WAAS-SEC/K9                                                                                                                  |
| Product Type                 | Router - with Cisco Services Ready Engine 700 Service Module                                                                       |
| Form Factor                  | Desktop - modular - 2U                                                                                                             |
| Connectivity Technology      | Wired                                                                                                                              |
| Data Link Protocol           | Ethernet, Fast Ethernet, Gigabit Ethernet                                                                                          |
| Network / Transport Protocol | IPSec                                                                                                                              |
| Routing Protocol             | OSPF, IS-IS, BGP, EIGRP, DVMRP, PIM-SM, IGMPv3, GRE, PIM-SSM, static IPv4 routing, static IPv6 routing, policy-based routing (PBR) |
| Remote Management Protocol   | SNMP, RMON                                                                                                                         |
| Encryption Algorithm         | SSL                                                                                                                                |
| Compliant Standards          | IEEE 802.1Q, IEEE 802.3af, IEEE 802.3ah, IEEE 802.1ah, IEEE 802.1ag                                                                |
| DRAM Memory                  | 512 MB (installed) / 2 GB (max)                                                                                                    |
| Flash Memory                 | 256 MB (installed) / 8 GB (max)                                                                                                    |
| LED Status Lights Indicators | Link activity, power                                                                                                               |
| Voltage Required             | AC 120/230 V ( 50/60 Hz )                                                                                                          |
| Approximate Width            | 17.2 in                                                                                                                            |
| Depth                        | 18.5 in                                                                                                                            |
| Height                       | 3.5 in                                                                                                                             |
| Weight                       | 29.1 lbs                                                                                                                           |
| Product Code                 | C2921-WAAS-SEC/K9                                                                                                                  |
| Brand                        | CISCO                                                                                                                              |

## Replacement / Alternative Options

If the C2921-WAAS-SEC/K9 is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
