

# C2921-WAASX/K9 - Cisco 2900 Series Integrated Service Router

Model: C2921-WAASX/K9 | Brand: CISCO

## Product Overview

Router Bundle - C2921, WAASX Feature License, Max Mem

Product page: <https://www.linknewnet.com/products/c2921-waasx-k9>

## Quick Specifications

| Attribute                  | Value                                                                                                                                  |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Manufacturer               | Cisco Systems, Inc                                                                                                                     |
| Manufacturer Part Number   | C2921-WAASX/K9                                                                                                                         |
| Product Type               | Router                                                                                                                                 |
| Form Factor                | Desktop - modular - 2U                                                                                                                 |
| Connectivity Technology    | Wired                                                                                                                                  |
| Data Link Protocol         | Ethernet, Fast Ethernet, Gigabit Ethernet                                                                                              |
| Routing Protocol           | OSPF, IS-IS, BGP, EIGRP, DVMRP, PIM-SM, IGMPv3, GRE, PIM-SSM, static IPv4 routing, static IPv6 routing                                 |
| Remote Management Protocol | SNMP, RMON                                                                                                                             |
| Features                   | MPLS support, Syslog support, IPv6 support, Class-Based Weighted Fair Queuing (CBWFQ), Weighted Random Early Detection (WRED)          |
| Compliant Standards        | IEEE 802.1Q, IEEE 802.3af, IEEE 802.3ah, IEEE 802.1ah, IEEE 802.1ag                                                                    |
| DRAM Memory                | 2.5 GB                                                                                                                                 |
| Flash Memory               | 256 MB (installed) / 8 GB (max)                                                                                                        |
| Expansion Slot(s)          | 4 (total) / 4 (free) x HWIC 3 (total) / 3 (free) x PVDM 2 (total) / 1 (free) x CompactFlash Card 1 (total) / 1 (free) x expansion slot |
| Power Device               | Power supply - internal                                                                                                                |
| Voltage Required           | AC 120/230 V ( 50/60 Hz )                                                                                                              |
| Approximate Width          | 18.5 in                                                                                                                                |
| Depth                      | 17.2 in                                                                                                                                |
| Height                     | 3.5 in                                                                                                                                 |
| Weight                     | 29.1 lbs                                                                                                                               |
| IOS Software Included      | Cisco IOS IP Base                                                                                                                      |
| Product Code               | C2921-WAASX/K9                                                                                                                         |
| Brand                      | CISCO                                                                                                                                  |

## Replacement / Alternative Options

If the C2921-WAASX/K9 is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
