## Quick Specifications

| Attribute                               | Value                                                                                 |
|-----------------------------------------|---------------------------------------------------------------------------------------|
| Description                             | C8200L 1RU w/ 1 NIM slot and 4x 1 Gigabit Ethernet WAN ports                          |
| Multicore processors                    | Intel x86 CPU with 4 GB memory default                                                |
| SD-WAN overlay tunnels scale            | 1500                                                                                  |
| Integrated Gigabit Ethernet ports       | 4 built-in Ethernet WAN ports 2 SFP Ethernet ports, 2 RJ45 ports                      |
| Flash memory support                    | 8-GB flash                                                                            |
| Modularity and form factor              | 1-Rack Unit (1RU) form factor Supports NIM and Pluggable Interface Module (PIM) slots |
| 1G port density                         | 4                                                                                     |
| Slots                                   | 1 NIM 1 PIM                                                                           |
| DRAM                                    | 4 GB                                                                                  |
| Storage (M.2 SSD) default               | 16 GB                                                                                 |
| IPv4 forwarding throughput (1400 bytes) | Up to 3.8 Gbps                                                                        |
| Product Code                            | C8200L-1N-4T                                                                          |
| Brand                                   | CISCO                                                                                 |

## Replacement / Alternative Options

If the C8200L-1N-4T is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
