

# C892FSP-K9 - Cisco 800 Series Integrated Services Routers

Model: C892FSP-K9 | Brand: CISCO

## Product Overview

Cisco 892FSP 1 GE and 1GE/SFP High Perf Security Router

Product page: <https://www.linknewnet.com/products/c892fsp-k9>

## Quick Specifications

| Attribute                   | Value                                                                                                                                 |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Connectivity Details Type   | Network cable                                                                                                                         |
| Connectivity Details Length | 6 ft                                                                                                                                  |
| Type                        | Connection / user qty                                                                                                                 |
| Value                       | 50                                                                                                                                    |
| Width                       | 12.7 in                                                                                                                               |
| Depth                       | 9.8 in                                                                                                                                |
| Height                      | 1.7 in                                                                                                                                |
| Min Operating Temperature   | 32 °F                                                                                                                                 |
| Max Operating Temperature   | 104 °F                                                                                                                                |
| Humidity Range Operating    | 10 - 85% (non-condensing)                                                                                                             |
| Installed Size              | 256 MB                                                                                                                                |
| Max Supported Size          | 256 MB                                                                                                                                |
| Compatibility               | PC                                                                                                                                    |
| Packaged Quantity           | 1                                                                                                                                     |
| Model                       | 892FSP                                                                                                                                |
| Brand                       | Cisco                                                                                                                                 |
| Interface                   | Ethernet 10Base-T/100Base-TX/1000Base-T                                                                                               |
| Qty                         | 1                                                                                                                                     |
| Connector Type              | 4 pin USB Type A                                                                                                                      |
