

# Cisco Switch Catalyst 9400 C9407R-1A

Model: C9407R-1A | Brand: CISCO

## Product Overview

Fed Only, Cisco Catalyst 9400 Series 7 slot chassis 1 Year, 10 RU

Product page: <https://www.linknewnet.com/products/c9407r-1a>

## Quick Specifications

| Attribute                      | Value                                                                                              |
|--------------------------------|----------------------------------------------------------------------------------------------------|
| Total number of slots          | 7                                                                                                  |
| Line-card slots                | 5                                                                                                  |
| Supervisor engine slots        | 2                                                                                                  |
| Rack Units (RU)                | 10 RU                                                                                              |
| Supervisor engine redundancy   | Yes                                                                                                |
| Supervisor engines supported   | C9400-SUP-1, C9400-SUP-1XL, C9400-SUP-1XL-Y                                                        |
| Maximum PoE per slot           | 2880W                                                                                              |
| Number of power supply bays    | 8                                                                                                  |
| AC input power                 | Yes                                                                                                |
| Integrated PoE                 | Yes                                                                                                |
| Power supplies supported       | 3200W AC, 2100W AC                                                                                 |
| Number of fan-tray bays        | 1                                                                                                  |
| Location of 19-inch rack-mount | Front                                                                                              |
| Mounting                       | 19-in rack compatible (19-in. rack and cable guide hardware included)                              |
| Regulatory compliance          | CE Marking                                                                                         |
| Safety                         | ● UL 60950-1 ● CAN/CSA-C222.2 No. 60950-1 ● EN 60950-1 ● IEC 60950-1 ● AS/NZS 60950.1 ● IEEE 802.3 |
| Dimensions (H x W x D)         | 17.41 x 17.30 x 16.30 in. (44.22 x 43.94 x 41.40cm)                                                |
| Chassis weight (with fan tray) | 63.0 lb (28.58 kg)                                                                                 |
| Product Code                   | C9407R-1A                                                                                          |
| Brand                          | CISCO                                                                                              |

## Replacement / Alternative Options

If the C9407R-1A is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
