

# Cisco Catalyst 2960 Series Switch WS-C2960X-48TS-L

Model: WS-C2960X-48TS-L | Brand: CISCO

## Product Overview

Catalyst 2960-X 48 GigE, 4 x 1G SFP, LAN Base

Product page: <https://www.linknewnet.com/products/cisco-catalyst-2960-series-switch-ws-c2960x-48ts-l>

## Quick Specifications

| Attribute                   | Value                                                             |
|-----------------------------|-------------------------------------------------------------------|
| Power cable                 | No                                                                |
| Button                      | No                                                                |
| Network Ports               | 48                                                                |
| Token Ring Port             | No                                                                |
| LRE Port                    | No                                                                |
| Management Port             | Yes                                                               |
| USB                         | Yes                                                               |
| Network (RJ-45) Ports       | 48                                                                |
| Port Details                | 48 x Gigabit Ethernet Network 4 x Gigabit Ethernet Expansion Slot |
| Ethernet Technology         | Gigabit Ethernet                                                  |
| Network Technology          | 10/100/1000Base-T                                                 |
| Total Expansion Slots       | 4                                                                 |
| Expansion Slot Type         | SFP+                                                              |
| SFP Slots                   | 4                                                                 |
| Standard Memory             | 512 MB                                                            |
| Memory Technology           | DRAM                                                              |
| Flash Memory                | 128 MB                                                            |
| Layer Supported             | 2                                                                 |
| Environmental Certification | RoHS                                                              |
| Manageable                  | Yes                                                               |
| Product Code                | WS-C2960X-48TS-L                                                  |
| Brand                       | CISCO                                                             |

## Replacement / Alternative Options

If the WS-C2960X-48TS-L is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.

| Model                           | Specification                                                 |
|---------------------------------|---------------------------------------------------------------|
| <a href="#">WS-C2918-24TT-C</a> | 24 10/100Mbps Ethernet port■2 10/100/1000Mbps uplink port     |
| <a href="#">WS-C2918-24TC-C</a> | 24 10/100 Mbps Ethernet ports and 2 dual purpose uplink ports |
