## Quick Specifications

| Attribute                        | Value             |
|----------------------------------|-------------------|
| Power cable                      | No                |
| Button                           | No                |
| Network Ports                    | ■48               |
| Number of MAC addresses          | 288,000           |
| Number of VLANS                  | 4096              |
| Network Technology               | 10/100/1000Base-T |
| Layer Supported                  | 2                 |
| Expansion Slots                  | 4                 |
| Expansion Slot Type              | SFP               |
| Boot flash memory                | 64 GB SSD         |
| Buffer size                      | 12 MB shared      |
| Number of ports per EtherChannel | 16                |
| Power Source                     | Power Supply      |
| Input Voltage                    | 110 V AC 220 V AC |
| Width                            | 17.40 in          |
| Height                           | 3.39 in           |
| Depth                            | 23.70 in          |
| Weight                           | 22.2 lb           |
| Min Temperature                  | 23 °F             |
| Max Temperature                  | 131 °F            |
| Product Code                     | N3K-C31128PQ-10GE |
| Brand                            | CISCO             |

## Replacement / Alternative Options

If the N3K-C31128PQ-10GE is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
