## Quick Specifications

| Attribute                      | Value                                                    |
|--------------------------------|----------------------------------------------------------|
| Power cable                    | No                                                       |
| Button                         | No                                                       |
| Network Ports                  | 48                                                       |
| Modular Uplink                 | Yes                                                      |
| Stack Port                     | Yes                                                      |
| Port Details                   | 48 port Data, 48x 10G Multigigabit (10G/5G/2.5G/1G/100M) |
| Ethernet Technology            | Gigabit Ethernet                                         |
| Switch capacity                | 2,000 Gbps                                               |
| Switch Capacity witch stacking | 3,000 Gbps                                               |
| Forwarding rate                | 1488 Mpps                                                |
| Forwarding rate with stacking  | 2232 Mpps                                                |
| Layer Supported                | 3                                                        |
| Default                        | 715W AC                                                  |
| Width                          | 21 in                                                    |
| Height                         | 1.7 in                                                   |
| Depth                          | 17.5 in                                                  |
| Weight                         | 14.6 lb                                                  |
| Product Code                   | C9300X-48TX-E                                            |
| Brand                          | CISCO                                                    |

## Replacement / Alternative Options

If the C9300X-48TX-E is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.

| Model                         | Specification                                                                    |
