## Quick Specifications

| Attribute                         | Value                     |
|-----------------------------------|---------------------------|
| Brand                             | Cisco                     |
| Series                            | Cisco 7200 Series         |
| Model                             | PA-A3-8E1IMA              |
| Condition                         | Used                      |
| Port Type                         | ATM Inverse Mux E1        |
| Number of Ports                   | 8                         |
| Connector Type                    | 120 Ohm                   |
| Max Bandwidth per Port            | 2.048 Mbps                |
| Module Type                       | Port Adapter              |
| Interface Supported               | E1                        |
| Supported Network Standards       | ATM                       |
| Power Consumption                 | 15W                       |
| Operational Temperature Range     | 0°C to 40°C               |
| Storage Temperature Range         | -40°C to 70°C             |
| Relative Humidity (Operational)   | 10% to 85% non-condensing |
| Relative Humidity (Storage)       | 5% to 95% non-condensing  |
| Module Dimensions                 | 10.5 x 9 x 1.5 inches     |
| Hot-Swappable                     | Yes                       |
| MTBF (Mean Time Between Failures) | 300,000 hours             |
| Warranty                          | 90 Days                   |
| Product Code                      | PA-A3-8E1IMA              |
| Brand                             | CISCO                     |

## Replacement / Alternative Options

If the PA-A3-8E1IMA is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
