

# Cisco Switch Catalyst 9200 Series C9200-48P-A

Model: C9200-48P-A | Brand: CISCO

## Product Overview

Catalyst 9200 48-port Data Switch, Network Advantage

Product page: <https://www.linknewnet.com/products/cisco-switch-catalyst-9200-series-c9200-48p-a>

## Quick Specifications

| Attribute            | Value                                         |
|----------------------|-----------------------------------------------|
| Power cable          | No                                            |
| Button               | No                                            |
| Network Ports        | 48                                            |
| Uplink Port          | Yes                                           |
| Stack Port           | Yes                                           |
| Expansion Slots      | 1                                             |
| Expansion Slot Type  | SFP (mini-GBIC)                               |
| Port Details         | 48 x Gigabit Ethernet PoE+ 1 x Expansion Slot |
| Media Type Supported | Twisted Pair Optical Fiber                    |
| Flash                | 4 GB                                          |
| DRAM                 | 4 GB                                          |
| Ethernet Technology  | Gigabit Ethernet                              |
| Forwarding rate      | 261.9 Mpps                                    |
| Switching capacity   | 176 Gbps                                      |
| Network Technology   | 10/100/1000Base-T 1000Base-X                  |
| Layer Supported      | 3                                             |
| Width                | 17.5 in                                       |
| Height               | 1.73 in                                       |
| Depth                | 13.8 in                                       |
| Weight               | 9.59 lb                                       |
| Product Code         | C9200-48P-A                                   |
| Brand                | CISCO                                         |

## Replacement / Alternative Options

If the C9200-48P-A is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.

| Model                            | Specification                      |
|----------------------------------|------------------------------------|
| <a href="#">C9200-NM-BLANK</a>   | Catalyst 9200 BLANK Network Module |
| <a href="#">C9200-STACK-KIT=</a> | C9200 Stack Kit Spare              |
