

# FPR4140-NGIPS-K9 - Cisco Firepower 4140 NGIPS Appliance

Model: FPR4140-NGIPS-K9 | Brand: CISCO

## Product Overview

Cisco Firepower 4140 NGIPS Appliance. 1U. 2 x NetMod Bays

## Quick Specifications

| Attribute                               | Value                                                                                                                     |
|-----------------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Product Number                          | FPR4140-NGIPS-K9                                                                                                          |
| Product Description                     | Cisco Firepower 4140 NGIPS Appliance. 1U. 2 x NetMod Bays                                                                 |
| Stateful inspection firewall throughput | 70 Gbps                                                                                                                   |
| Concurrent firewall connections         | 25 million                                                                                                                |
| Firewall latency (UDP 64B microseconds) | 3.5                                                                                                                       |
| New connections per second              | 350,000                                                                                                                   |
| Maximum number of VLANs                 | 1024                                                                                                                      |
| Security contexts (included; maximum)   | 10; 250                                                                                                                   |
| High availability                       | Active/active and active/standby                                                                                          |
| Clustering                              | Up to 16 appliances                                                                                                       |
| Scalability                             | VPN Load Balancing, Firewall Clustering                                                                                   |
| Adaptive Security Device Manager        | Web-based, local management for small-scale deployments                                                                   |
| Dimensions (H x W x D)                  | 1.75 x 16.89 x 29.7 in. (4.4 x 42.9 x 75.4 cm)                                                                            |
| Form factor (rack units)                | 1RU                                                                                                                       |
| Security module slots                   | -                                                                                                                         |
| I/O module slots                        | 2                                                                                                                         |
| Supervisor                              | Cisco Firepower 4000 Supervisor with 8 x 10 Gigabit Ethernet ports and 2 Network Module (NM) slots for I/O expansion      |
| Maximum number of interfaces            | Up to 24 x 10 Gigabit Ethernet (SFP+) interfaces; up to 8 x 40 Gigabit Ethernet (QSFP+) interfaces with 2 network modules |
| Integrated network management ports     | 1 x Gigabit Ethernet copper port                                                                                          |
| Serial port                             | 1 x RJ-45 console                                                                                                         |
| Product Code                            | FPR4140-NGIPS-K9                                                                                                          |
| Brand                                   | CISCO                                                                                                                     |
