

# IEM-3300-14T2S= - Cisco Catalyst IE3300 Rugged Series Module

Model: IEM-3300-14T2S= | Brand: CISCO

## Product Overview

Catalyst IE3300 Rugged 14 Port GE Copper + 2 Port SFP Module

Product page: <https://www.linknewnet.com/products/iem-3300-14t2s>

## Quick Specifications

| Attribute              | Value                                              |
|------------------------|----------------------------------------------------|
| Brand                  | Cisco                                              |
| Model                  | IEM-3300-14T2S=                                    |
| Series                 | Catalyst IE3300                                    |
| Ports                  | 14 Port GE Copper + 2 Port SFP                     |
| Environmental Category | Rugged                                             |
| Forwarding Bandwidth   | 20 Gbps                                            |
| Switching Capacity     | 40 Gbps                                            |
| Mounting Type          | DIN Rail                                           |
| Power Input            | 18-60 VDC                                          |
| Management             | Web-Based GUI, CLI                                 |
| Dimensions             | 14.8 x 10.2 x 14.2 cm                              |
| Memory                 | 4 GB DRAM, 4 GB Flash                              |
| MAC Address Table      | 8000 Entries                                       |
| Network Reliability    | Mean Time Between Failures (MTBF): 1,200,000 hours |
| Layer                  | Layer 2 and Layer 3                                |
| Security Features      | 802.1X Authentication, Access Control Lists        |
| Warranty               | Limited Lifetime Warranty                          |
| Compliance             | IEEE, CE Mark, RoHS Compliant                      |
| Inrush Current         | 30 A peak at 24 VDC                                |
| Product Code           | IEM-3300-14T2S=                                    |
| Brand                  | CISCO                                              |

## Replacement / Alternative Options

If the IEM-3300-14T2S= is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
