

# IR829GWLTEENAAK9-RF - Cisco IR829 Industrial Integrated Services Routers

Model: IR829GWLTEENAAK9-RF | Brand: CISCO

## Product Overview

Industrial, 4G/LTE multimode AT&T/Canada, 802.11n FCC REMANUFACTURED

Product page: <https://www.linknewnet.com/products/ir829gwltenaak9-rf>

## Quick Specifications

| Attribute                    | Value                                                                       |
|------------------------------|-----------------------------------------------------------------------------|
| Brand                        | Cisco                                                                       |
| Product Name                 | IR829GWLTEENAAK9-RF                                                         |
| Category                     | Industrial Integrated Services Router                                       |
| Type                         | REMANUFACTURED                                                              |
| Cellular Connectivity        | 4G LTE multiband for AT&T/Canada                                            |
| Wireless Standards           | 802.11n FCC                                                                 |
| Network Management Interface | Web-based, CLI, SNMP                                                        |
| VPN Support                  | IPSec, DMVPN, FlexVPN                                                       |
| Security Features            | Firewall, Intrusion Prevention, Content Filtering                           |
| Quality of Service (QoS)     | Advanced QoS features for traffic prioritization                            |
| Ports                        | Multiple Ethernet and Serial ports                                          |
| Power Over Ethernet (PoE)    | Not specified                                                               |
| Enclosure Type               | Ruggedized for industrial environments                                      |
| Mounting Options             | DIN rail and wall mount options                                             |
| Operating Temperature Range  | -30??C to 70??C (-22??F to 158??F)                                          |
| Storage Temperature Range    | -40??C to 85??C (-40??F to 185??F)                                          |
| Environmental Standards      | Meets industrial and safety standards for shock, vibration, and temperature |
| Software Compatibility       | Compatible with Cisco IOS Software                                          |
| Warranty                     | Cisco standard warranty applies                                             |
| Additional Features          | GPS capabilities for asset tracking                                         |
| Product Code                 | IR829GWLTEENAAK9-RF                                                         |
| Brand                        | CISCO                                                                       |

## Replacement / Alternative Options

If the IR829GWLTEENAAK9-RF is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
