## Quick Specifications

| Attribute                              | Value                                       |
|----------------------------------------|---------------------------------------------|
| Brand                                  | Juniper                                     |
| Model                                  | EX4400-48F-S                                |
| Port Configuration                     | 12x10G, 36x1G fiber                         |
| Type                                   | Spare                                       |
| Fans                                   | Not included                                |
| Power Supply Units (PSUs)              | Not included                                |
| Switching Capacity                     | Up to 880 Gbps                              |
| Forwarding Rate                        | Up to 660 Mpps                              |
| Form Factor                            | 1 RU                                        |
| Dimensions (HxWxD)                     | 1.75 x 17.4 x 20 in. (4.4 x 44.2 x 50.8 cm) |
| Operating System                       | Juniper Junos OS                            |
| Layer Support                          | Layer 2 and Layer 3                         |
| Management Interfaces                  | Out-of-band Ethernet, USB, console          |
| Redundancy                             | Power Supply and Fan Redundancy Options     |
| Media Access Control Security (MACsec) | Yes, supported                              |
| Jumbo Frame Support                    | Up to 9216 bytes                            |
| Environmental Operating Temperature    | 0■■■ to 40■■■C (32■■■ to 104■■■F)           |
| Storage Temperature                    | -40■■■ to 70■■■C (-40■■■ to 158■■■F)        |
| Humidity                               | 5% to 95% non-condensing                    |
| Compliance                             | CE, UL, CCC, RoHS                           |
| Product Code                           | Juniper EX4400-48F-S                        |
| Brand                                  | Juniper                                     |

## Replacement / Alternative Options

If the Juniper EX4400-48F-S is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
