## Quick Specifications

| Attribute                 | Value                        |
|---------------------------|------------------------------|
| Brand                     | Juniper                      |
| Model                     | EX9200-20F-MIC               |
| Type                      | Modular Interface Card (MIC) |
| Compatibility             | EX9200-MPC                   |
| Port Count                | 20                           |
| Port Type                 | GbaseX                       |
| Slot Type                 | Half-slot                    |
| Optics Requirement        | SFP Optics Sold Separately   |
| Maximum Power Consumption | 50W                          |
| Operating Temperature     | 0■■■C to 40■■■C              |
| Storage Temperature       | -40■■■C to 70■■■C            |
| Humidity                  | 5% to 95% (non-condensing)   |
| Cooling Method            | Fan cooling                  |
| Dimensions (HxWxD)        | 1.72 x 16.23 x 12.98 inches  |
| Compliance                | RoHS-6                       |
| MTBF                      | 250,000 hours                |
| Tx Power                  | -3.0 to -9.5 dBm             |
| Rx Sensitivity            | -18 dBm                      |
| Rx Power                  | 0 dBm                        |
| LED Indicators            | Link, Activity               |
| Product Code              | Juniper EX9200-20F-MIC       |
| Brand                     | Juniper                      |

## Replacement / Alternative Options

If the Juniper EX9200-20F-MIC is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
