## Quick Specifications

| Attribute                   | Value                     |
|-----------------------------|---------------------------|
| Brand                       | Juniper                   |
| Model                       | EX9204-RED3C-AC-T         |
| Chassis Type                | 4-slot chassis            |
| Chassis Design              | Passive midplane          |
| Fan Tray                    | 1x fan tray               |
| Routing Engines             | 2x EX9200-RE2             |
| Switch Fabric Modules       | 2x EX9200-SF3             |
| Power Supply Units          | 4x 2520W, AC PSUs         |
| Redundant Configuration     | Yes                       |
| TAA Compliant               | Yes                       |
| Maximum Power Capacity      | 10,080W                   |
| Form Factor                 | Rack-mountable            |
| Operating Temperature Range | 0■■■C to 40■■■C           |
| Storage Temperature Range   | -40■■■C to 70■■■C         |
| Operating Humidity          | 10% to 90% RH             |
| Storage Humidity            | 5% to 95% RH              |
| Airflow                     | Front to back             |
| Dimensions (W x D x H)      | 17.5 x 27.6 x 17.5 inches |
| Management Interface        | CLI, Web interface, SNMP  |
| Product Code                | Juniper EX9204-RED3C-AC-T |
| Brand                       | Juniper                   |

## Replacement / Alternative Options

If the Juniper EX9204-RED3C-AC-T is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.

| Model                                      | Specification                                                                                               |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------------|
