## Quick Specifications

| Attribute             | Value                              |
|-----------------------|------------------------------------|
| Brand                 | Juniper                            |
| Model                 | QFX5210-64C-D-AFI2                 |
| Ports                 | 64 QSFP28 and 2 SFP+               |
| Port Speed            | 100GbE (QSFP28), 10GbE (SFP+)      |
| Airflow               | Back to Front                      |
| Power Supply          | DC                                 |
| Transceiver Mode      | FLEX TRANSFORM                     |
| Switching Capacity    | 12.8 Tbps                          |
| Forwarding Rate       | 4 Bpps                             |
| Rack Units            | 2U                                 |
| Dimensions            | 3.46 x 17.54 x 23.46 inches        |
| Operating Temperature | 0??C to 40??C (32??F to 104??F)    |
| Storage Temperature   | -40??C to 70??C (-40??F to 158??F) |
| Operating Humidity    | 5% to 95% (non-condensing)         |
| Flash Memory          | 16 GB                              |
| DRAM                  | 32 GB                              |
| Packet Buffer         | 22 MB                              |
| Layer 2 Features      | VLAN, STP, RSTP, MSTP, VxLAN       |
| Layer 3 Features      | OSPF, BGP, PIM, RIP                |
| Management            | JunOS                              |
| Product Code          | Juniper QFX5210-64C-D-AFI2         |
| Brand                 | Juniper                            |

## Replacement / Alternative Options

If the Juniper QFX5210-64C-D-AFI2 is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.

| Model                                      | Specification                                                                                               |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------------|
| <a href="#">Juniper EX-QFX-MACSEC-AGG</a>  | MACSec SW Feature License on Aggregation Switches. Applicable to EX4550 Switches.                           |
| <a href="#">Juniper EX-SFP-10GE-DAC-1M</a> | SFP+, 10GE Direct Attach Copper Cable, 1 meter, Standard Temperature (0 through 70 DEGREE C), 0.57W, 30 AWG |
