

# NIM-2T - Cisco ISR4000 Network Interface Modules

Model: NIM-2T | Brand: CISCO

## Product Overview

Cisco 2-port 100-Mbps/1-Gbps dual-mode GE/SFP, Network Interface Module

Product page: <https://www.linknewnet.com/products/nim-2t>

## Quick Specifications

| Attribute                 | Value                                       |
|---------------------------|---------------------------------------------|
| Device Type               | Serial adapter                              |
| Form Factor               | Plug-in module                              |
| Ports                     | RS-232/449/530/V.35/X.21 x 2                |
| Connectivity Technology   | Wired                                       |
| Data Link Protocol        | RS-232, RS-530, X.21, V.35, RS-449, RS-530A |
| Data Transfer Rate        | 8 Mbps                                      |
| Interfaces                | 2 x RS-232/449/530/V.35/X.21                |
| Width                     | 3.5 in                                      |
| Depth                     | 7.2 in                                      |
| Height                    | 1.3 in                                      |
| Min Operating Temperature | 32 °F                                       |
| Max Operating Temperature | 104 °F                                      |
| Humidity Range Operating  | 10 - 90% (non-condensing)                   |
| Product Code              | NIM-2T                                      |
| Brand                     | CISCO                                       |

## Replacement / Alternative Options

If the NIM-2T is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.

| Model                           | Specification                                                                       |
