

# Juniper QFX5110-32Q-AFO

Model: QFX5110-32Q-AFO | Brand: Juniper

## Product Overview

QFX5110

Product page: <https://www.linknewnet.com/products/qfx5110-32q-afo>

## Quick Specifications

| Attribute                | Value                                                    |
|--------------------------|----------------------------------------------------------|
| Brand                    | Juniper                                                  |
| Product Name             | QFX5110-32Q-AFO                                          |
| Model                    | QFX5110                                                  |
| Port Density             | 32 QSFP+ Ports                                           |
| Mode of Operation        | Layer 2 and Layer 3                                      |
| Forwarding Performance   | 2.56 Tbps / 1440 Mpps                                    |
| Management Ports         | 1 RJ-45 console port, 1 RJ-45 and 1 SFP management ports |
| Power Supply             | Advanced Front to Back (AFO)                             |
| Cooling                  | Front to Back Airflow                                    |
| MAC Address Table        | 288,000 entries                                          |
| VLAN IDs                 | 4096                                                     |
| Quality of Service (QoS) | 8 queues per port                                        |
| Jumbo Frame Support      | Up to 9216 bytes                                         |
| Switch Fabric Capacity   | Up to 2.56 Tbps                                          |
| Latency                  | 800 ns                                                   |
| Flash Memory             | 8 GB                                                     |
| DRAM                     | 16 GB                                                    |
| Dimensions (WxDxH)       | 17.4 x 22 x 1.75 inches                                  |
| Operating Temperature    | 32??F to 104??F (0??C to 40??C)                          |
| Storage Temperature      | -40??F to 158??F (-40??C to 70??C)                       |
| Product Code             | QFX5110-32Q-AFO                                          |
| Brand                    | Juniper                                                  |

## Replacement / Alternative Options

If the QFX5110-32Q-AFO is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
