

# Juniper QFX5240-64QD-AO

Model: QFX5240-64QD-AO | Brand: Juniper

## Product Overview

QFX5240

Product page: <https://www.linknewnet.com/products/qfx5240-64qd-ao>

## Quick Specifications

| Attribute             | Value                          |
|-----------------------|--------------------------------|
| Model Number          | QFX5240-64QD-AO                |
| Switch Model          | QFX5240                        |
| Port Density          | 64 QSFP+ Ports                 |
| Switching Capacity    | 6.4 Tbps                       |
| Forwarding Rate       | 4 Bpps                         |
| Management Ports      | 2 x 10/100/1000Base-T Ethernet |
| Console Ports         | 1 x RJ-45 Serial Console       |
| USB Ports             | 1 x USB 2.0                    |
| Power Supply          | Dual AC/DC                     |
| Cooling System        | Front-to-Back Airflow          |
| Rack Units            | 1 RU                           |
| Jumbo Frames          | Up to 9216 Bytes               |
| VLANs                 | 4094 VLAN IDs                  |
| MAC Address Table     | 256K Entries                   |
| MLAG Support          | Yes                            |
| OS Support            | Junos OS                       |
| MTBF                  | Over 300,000 hours             |
| Operating Temperature | 0°C to 40°C                    |
| Storage Temperature   | -40°C to 70°C                  |
| Relative Humidity     | 5% to 95% (non-condensing)     |
| Product Code          | QFX5240-64QD-AO                |
| Brand                 | Juniper                        |

## Replacement / Alternative Options

If the QFX5240-64QD-AO is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
