

# Huawei S5300 Series Switch S5320-56C-EI-48S-AC

Model: S5320-56C-EI-48S-AC | Brand: HUAWEI

## Product Overview

S5320-56C-EI-48S-AC(48 Gig SFP,4 10 Gig SFP+,with 1 interface slot,with 150W AC power supply)

## Quick Specifications

| Attribute                     | Value                                                                                                                                                |
|-------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Item                          | Description                                                                                                                                          |
| PoE                           | Not supported                                                                                                                                        |
| Memory (RAM)                  | 2 GB                                                                                                                                                 |
| Flash                         | 340 MB                                                                                                                                               |
| Stack ports                   | Ports on the 2-port QSFP+ rear stack card                                                                                                            |
| Power supply surge protection | Using AC power modules: ±6 kV in differential mode, ±6 kV in common mode<br>Using DC power modules: ±1 kV in differential mode, ±2 kV in common mode |
| Dimensions (W x D x H)        | 442.0 mm x 420.0 mm x 44.4 mm                                                                                                                        |
| Weight                        | Empty: ≤ 8 kg (17.64 lb) Fully loaded: ≤ 12 kg (26.46 lb)                                                                                            |
| Rated voltage range           | 100 V AC to 240 V AC, 50/60 Hz -48 V DC to -60 V DC                                                                                                  |
| Maximum voltage range         | 90 V AC to 264 V AC, 47 Hz to 63 Hz -36 V DC to -72 V DC                                                                                             |
| Operating altitude            | AC power modules configured: 0-5000 m (0-16404 ft.) DC power modules configured: 0-2000 m (0-6562 ft.)                                               |
| Product Code                  | S5320-56C-EI-48S-AC                                                                                                                                  |
| Brand                         | HUAWEI                                                                                                                                               |

## Replacement / Alternative Options

If the S5320-56C-EI-48S-AC is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
