

# Huawei S5700 Series Switches S5721-28X-SI-24S-AC

Model: S5721-28X-SI-24S-AC | Brand: HUAWEI

## Product Overview

S5721-28X-SI-24S-AC, Huawei S5700 Series Switches

Product page: <https://www.linknewnet.com/products/s5721-28x-si-24s-ac>

## Quick Specifications

| Attribute                | Value                                                                                                                           |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Brand                    | Huawei                                                                                                                          |
| Product Series           | S5700 Series Switches                                                                                                           |
| Model                    | S5721-28X-SI-24S-AC                                                                                                             |
| Fixed Ports              | 24x Gigabit Ethernet SFP, 4x 10 Gigabit Ethernet SFP+                                                                           |
| Switching Capacity       | 672 Gbps                                                                                                                        |
| Forwarding Performance   | 132 Mpps                                                                                                                        |
| Flash Memory             | 512 MB                                                                                                                          |
| RAM                      | 1 GB                                                                                                                            |
| Power Supply             | AC: 110/220V                                                                                                                    |
| Power Consumption        | Less than 43.6W                                                                                                                 |
| MAC Address Table        | 32K                                                                                                                             |
| Jumbo Frame Size         | 9216 bytes                                                                                                                      |
| Packet Buffer            | 3 MB                                                                                                                            |
| IPv4 Routes              | 16K                                                                                                                             |
| IPv6 Routes              | 8K                                                                                                                              |
| VLAN ID                  | 4K                                                                                                                              |
| Quality of Service (QoS) | Supports traffic classification, traffic policing, traffic shaping, queue scheduling, congestion avoidance, and rate limitation |
| Reliability              | Supports Ethernet OAM, 802.1ag, and 802.3ah. Provides BFD for OSPF, BFD for IS-IS, BFD for VRRP, and BFD for PIM support        |
| Management & Maintenance | Support for SNMP v1/v2c/v3, RMON, Web-based NMS, and console port management                                                    |
| Security Features        | Supports hardware-based IPsec VPNs, user privilege management, DoS attack defense, port security, and 802.1X authentication     |
| Product Code             | S5721-28X-SI-24S-AC                                                                                                             |
| Brand                    | HUAWEI                                                                                                                          |

## Replacement / Alternative Options

If the S5721-28X-SI-24S-AC is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
