

# Huawei S5700 Series Switches S5735-L32ST4X-D

Model: S5735-L32ST4X-D | Brand: HUAWEI

## Product Overview

S5735-L32ST4X-D, Huawei S5700 Series Switches

Product page: <https://www.linknewnet.com/products/s5735-l32st4x-d>

## Quick Specifications

| Attribute                | Value                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------------|
| Brand                    | Huawei                                                                                     |
| Product Name             | S5735-L32ST4X-D                                                                            |
| Product Series           | S5700                                                                                      |
| Fixed Ports              | 32 x 10/100/1,000 Base-T ports, 4 x 10 Gig SFP+                                            |
| Switching Capacity       | 336 Gbps                                                                                   |
| Forwarding Performance   | 96 Mpps                                                                                    |
| RAM                      | 1 GB                                                                                       |
| Flash Memory             | 512 MB                                                                                     |
| Power Supply             | Dual, hot-swappable power supplies                                                         |
| Power Consumption        | Less than 43.3 W                                                                           |
| Input Voltage            | AC: Rated voltage range: 100V to 240V, 50/60 Hz                                            |
| Form Factor              | 1U Height Rack Mountable                                                                   |
| Stacking Capability      | Yes, up to 9 units                                                                         |
| MAC Address Table        | 32K                                                                                        |
| Jumbo Frame Size         | 9,216 bytes                                                                                |
| VLAN IDs                 | 4K                                                                                         |
| IP Routing               | Static route, RIP, OSPF, IS-IS, BGP                                                        |
| Quality of Service (QoS) | Supports advanced QoS features                                                             |
| Management               | Web-based management, Command-line interface (CLI), SNMP v1/v2c/v3, RMON, iStack, and more |
| Product Code             | S5735-L32ST4X-D                                                                            |
| Brand                    | HUAWEI                                                                                     |

## Replacement / Alternative Options

If the S5735-L32ST4X-D is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
