## Quick Specifications

| Attribute                              | Value                                                                                                                                            |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Brand                                  | Juniper                                                                                                                                          |
| Model                                  | SRX5800X-B10-DC                                                                                                                                  |
| Bundle Components                      | DC bundle with 1X SPC3, 1X 40G/10G IOC3 card, 1X Enhanced mid plane base, including fans, DC power entry module, craft interface (SRX5800X-BASE) |
| Service Processing Cards Included      | 2X 3rd gen service processing card (SRX5K-SPC3)                                                                                                  |
| IO Card Included                       | 1X 3rd gen IO card (SRX5K-MPC3-40G10G)                                                                                                           |
| Power Supply Type                      | DC Power Entry Module                                                                                                                            |
| Chassis                                | Enhanced Mid Plane Base                                                                                                                          |
| Cooling System                         | Included Fans                                                                                                                                    |
| Craft Interface                        | Yes (SRX5800X-BASE)                                                                                                                              |
| Networking Interface Card Capacity     | 1X 40G/10G IOC3 card                                                                                                                             |
| Maximum Throughput                     | Depends on configuration                                                                                                                         |
| Support for Advanced Security Features | Yes                                                                                                                                              |
| Expansion Options                      | Supports additional MPCs for expanded connectivity                                                                                               |
| Physical Interfaces                    | Multiple physical interface options depending on the MPCs installed                                                                              |
| Operating System                       | Junos OS                                                                                                                                         |
| Security Services                      | Advanced Threat Prevention, Intrusion Prevention System, Firewall, VPN, etc.                                                                     |
| Form Factor                            | Rack-mountable                                                                                                                                   |
| Product Code                           | SRX5800X-B10-DC                                                                                                                                  |
| Brand                                  | Juniper                                                                                                                                          |

## Replacement / Alternative Options

If the SRX5800X-B10-DC is out of stock or end-of-life, these same-brand alternatives deliver comparable capability. Contact our sales team to confirm availability.
